

### A) Poly-Lift Line with Gauge:

- Great for plugs from 6" to 60" with removable tire valves
- Retard gauge: helps prevent "peg-out" damage
- Heavy-duty rubber gauge cover reduces shock and protects gauge face
- 3/8" ID hose for quick inflate/deflate
- Quick-dump valve for easy deflation
- Quick disconnect design for easy installation
- Designed for use with plugs with removable inflator valve and eyebolt
- Male quick disconnect included for easy plug conversion

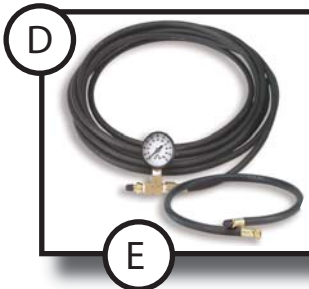

### B) Poly-Lift Line:

- Great for plugs up to 15"
- 3/16" ID hose
- Most economical poly-lift line

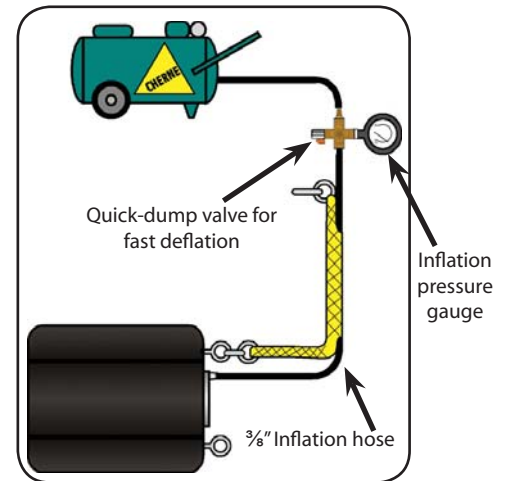

### C) Dual Inflation Hose

- Designed for large diameter multi-size plugs (15"-30" to 54"-96")
- 0-60 psi gauge with high impact resistant cover
- 3/4" inflation line with 3/8" read-back hose
- Dual hose assembly helps prevent gauge "peg-out"
- Separate read-back hose also eliminates gauge flutter during inflation
- Quick disconnect fittings
- Quick dump valve on 3/4" hose to speed up deflation

### D) Extension/Inflation Hoses with Gauge

- Well suited for plugs up to 15"
- 0-100 PSIG gauge
- 3/16" ID hose

Poly-lift line with gauge

### E) Extension/Inflation Hoses

- Well suited for plugs up to 15"
- 3/16" ID hose

Part #	Product description	Product Weight
<b>A) Poly-Lift Line with Gauge</b>		
261398	20' Length	5 lbs (2.2 kg)
261408	30' Length	6 lbs (2.7 kg)
261418	40' Length	7 lbs (3.2 kg)
